WILD ALASKA ESCAPE:
KETCHIKAN TO JUNEAU
6 DAYS/5 NIGHTS | ABOARD NATIONAL GEOGRAPHIC SEA BIRD | AUGUST 17-22, 2022

Exploring the southern regions of Southeast Alaska on our expedition is an unrivalled experience. Navigate narrow channels like Behm and Blake, Walker Cove in Misty Fjords, Eastern Passage, and Wrangell Narrows. Discover an authentic Alaska unreachable by the big ships. Lower expedition landing craft to explore places like Hole in the Wall State Marine Park on Prince of Wales Island and drop kayaks into salmon-studded waters to trace the rugged, wildlife-rich shorelines of Kupreanof and Kuiu Islands.

DAY 1: Ketchikan
Arrive in Ketchikan, the southeasternmost city in Alaska, spread at the base of forested slopes on Revillagigedo Island. Its many monikers, from “salmon capital of the world” to “rain capital of Alaska,” capture the spirit of this city, famous for its colorful buildings and abundant fishing boats and canneries. Visit the Totem Heritage Center to view a unique collection of 19th-century Tlingit, Haida, and Tsimshian totem poles from abandoned villages around Ketchikan before embarking the National Geographic Sea Bird. (D)

DAY 2: Behm Canal/Misty Fjords National Monument
Wake up this morning to catch the sunrise over the stunning cliffs of Misty Fjords National Monument, rising more than 2,000 feet above the deep blue waters of the fjord. Watch wisps of cloud drift down the winding waterway and drape over green peaks as we cruise through the mists that give this extraordinary landscape its name. Set out by Zodiac and kayak to get close to the forested banks and the many dramatic waterfalls cascading down the cliffs. (B,L,D)

DAY 3: Wrangell Island
Visit the rarely visited town of Wrangell, situated on the northern tip of Wrangell Island. The indigenous Tlingit people have made their home on this island for thousands of years. In the 19th century, Russian fur traders
established one of the oldest non-native settlements in Alaska at the site of present-day Wrangell. Spend the afternoon exploring the town, including a visit to a tribal house and a beach famous for native petroglyphs, or set out on an optional jet boat excursion up the Stikine River. (B,L,D)

DAY 4: Sumner Strait
Navigate the stunning Wrangell Narrows, an area inaccessible to larger ships, and then cruise into the Sumner Strait, keeping watch for humpback whales surfacing and sea otters gliding through the clear water around our ship. Explore the coast by kayak or Zodiac and go ashore to trace bear trails through forests intersected by crystalline salmon streams as you learn about the rain forest ecosystem from our naturalists. Fix your binoculars on the banks to spot Sitka black-tailed deer and moose, as well as black bears, wolves, and bald eagles that frequent the shoreline in search of plentiful salmon. (B,L,D)

DAY 5: LeConte Bay/Thomas Bay
Today we explore the LeConte Glacier, one of the most active glaciers in Southeast Alaska and the southernmost tidewater glacier in the Northern Hemisphere. Icebergs regularly break off from the glacier face, getting caught in this shallow moraine and along the shoreline. Take advantage of spectacular photographic opportunities, practicing tricks and tips from our certified photo instructor. Our experienced captain will read the ice and bring us as close as possible to the glacier, where we’ll set out by Zodiac to navigate among these surreal floating sculptures. (B,L,D)

DAY 6: Juneau
Disembark in Juneau, Alaska’s capital city, spread out on the banks of the Gastineau Channel at the base of Mount Juneau and Mount Roberts. Transfer to downtown Juneau and visit the Alaska State Museum to learn about the history and culture of this incredible region of the world, then transfer to the airport for flights home. (B)
