

2023 United Nations Summer Camp
Sustainable Development Goals in Action: Clean Water for All
Monday, June 26 - Thursday, June 29

Pre-Program Student Resource Guide

Welcome to the **2023 United Nations Summer Camp**! This guide will help you learn about the United Nations and Sustainable Development Goal 6 (SDG 6) - Clean Water for All. Reading and viewing these articles and videos will help you to get the most of our camp activities, expert speaker briefings, and the **SDG 6 Campaign Project**, where you will work in teams to solve a water-related topic of your choice!

We recommend breaking up your reading and viewing into multiple sittings. Please read the **Questions to Consider** before starting your research. If you are really interested in something, you can look up additional resources, but this is completely optional!

Please bring your answers to the **Questions to Consider** on the program's first day. We look forward to meeting you on Monday, June 26th!

Questions to Consider

1. Why was the United Nations created? What does the UN do? What are the UN's main goals?

2. What are the main goals of Sustainable Development Goal (SDG) 6?

3. Can you identify any problems in your community and/or school that relate to the SDG 6? Start to think of potential solutions to solve one or more of these problems.

- a. How much water do you use at home? If you can, track how many times and for how long you and your family utilize water at home.

Day 1: Intro to UN & SDG 6

1. [What is Sustainable Development?](#)
2. [World's Largest Lesson - Our Inspiration](#)
3. [Global Issue - Water](#)

Day 2: SDG 6 Around the World

1. [What is a Diplomat?](#)
2. [Is Russia Using Water to Wage War in Ukraine?](#)
3. [A Ukrainian City Still Struggles After Russia Blew Up Its Water Supply](#)
