EXPLORING GALÁPAGOS

EXPEDITIONS

January 15-24, 2027 | Aboard the *National Geographic Endeavour II*

SPECIAL OFFER: 5% GROUP SAVINGS

Dear Curious Travelers,

The collection of islands known as the Galápagos is, in the words of Charles Darwin, “a little world within itself.” Here, prehistoric-looking marine iguanas bask on stark volcanic landscapes, barking sea lions loll about on white-sand beaches, and magnificent frigatebirds nest in the silvery palo santo trees. Finches flit between tree branches and schools of golden rays swim among the intricate roots of mangrove stands.

We invite you to witness the iconic creatures and habitats of the Galápagos for yourself on an incredible voyage aboard *National Geographic Endeavour II*. Equipped with kayaks, stand-up paddleboards, a fleet of Zodiacs, and a custom-designed glass-bottom boat, this 52-cabin expedition ship is purpose-built to bring you unforgettable experiences. Paddle along rocky shores beside gliding sea turtles, snorkel with penguins, and hike among blue-footed boobies. There will also be plenty of chances to spot marine life—like leaping dolphins and rays—from the comfort of the ship.

Our tour operator, Lindblad Expeditions, has spent decades exploring Galápagos and is well known for the exceptional travel experiences they offer in the archipelago. Their naturalists have a deep knowledge of island species and habitats that allows them to make the most of nature’s opportunities—which means you will enjoy adventure-filled days and amazing wildlife sightings. Many are also Galapagueños, providing an authentic connection to the region’s culture.

I hope you will be able to join us January 15-24, 2027. Please register online at www.wacphila.org/travel or call 800.942.5004.
